

EXPORT CATALOGUE 2026

Hevora Global Pvt. Ltd.

From roots to routes - connecting India's agricultural, natural and handcrafted products to international buyers.

About Hevora Global

Hevora Global is building a trusted sourcing network across India for global buyers. We work directly with growers, processors and artisan clusters, agree a written specification before production begins, and arrange lot-level testing and documentation for each destination market.

One team handles the enquiry, the sample, the specification, the inspection and the shipping documents, so a buyer has a single point of contact from first question to delivered container.

Product range

Category	Representative lines

How we work

01 Enquiry	Share destination market, product, target volume, packaging and Incoterm.
02 Specification	We confirm grades, testing and documentation required for your market.
03 Sample	Courier samples dispatched, typically within 3-5 working days.
04 Quotation	Indicative quote within 1-2 business days of a complete enquiry.
05 Production	Lot produced, inspected and tested against the agreed specification.
06 Shipment	Documents, customs and freight handled to your chosen Incoterm.

Commercial terms

Incoterms	EXW, FOB, CFR, CIF, DAP and DDP.
Payment	Irrevocable LC at sight, or 30% advance with balance against shipping documents for repeat buyers.
Lead time	3-5 weeks for dry goods; 10-14 days by air for perishables.
Certifications	Supplier certifications available on request; requirements confirmed per product and destination.
